

## DEEP WATER WHARF

Creation of Queen's Wharf - initially known as Deep Water Wharf - started in 1861. It was the centre of Wellington's thriving sea trade from the 1880s to the 1930s, exporting meat, cheese, apples and pears, coal, wool, tallow and flax. By 1900 Queens Wharf had been extended, widened, strengthened, cross-braced, extended and widened again and again with more storage sheds built. Hydraulic cranes made light of cargo that had previously strained ship's cargo gear. But by the 1980's it was an empty waterfront used mainly by fishermen. Lambton Harbour Management began redevelopment of the waterfront in 1989, with conversion of Shed 3 into Dockside restaurant, one of it's first tasks.
